## ON THE WAY HOME

President Roosevelt Speeding Back Toward Washington.

BIG DAY IN MEMPHIS

Demonstration In Honor of Gen. Luke Wright Was All That It Set Out to Be.

Presence of the President Lent Additional Brilliance to the Occasion.

Memphis, Nov. 20.—Although yesterday's festivities celebrated the homecoming of Gen. Luke E. Wright, vice governor of the Philippines, it is no reflection upon the warmth of the welcome extended to him to say that President Roosevelt's presence was the overshadowing feature of the day.

At midnight the presidential party left for Washington over the Southern railroad. Colonel L. S. Brown, general agent of the Southern, was in charge of the train. No stops will be made en route. The train will reach Washington at 8 o'clock tomorrow morning.

The festivities closed last night with an elaborate banquet at the Peabody, at which the president delivered a set speech. Including some brief remarks at the breakfast, the president spoke four times during the day. Altogether it was a splendid tribute to the affection and esteem in which General Wright is held at home. That Mrs. Wright is also exceedingly popular was made apparent by the applause which greeted every reference to her. This was especially marked at the Auditorium, when the president referred to the fact that his mother's brother served in the Confederate navy under her father, who was Admiral Semmes.

Mayor Williams and Governor McMillan both made addresses of welcome here, and the audience was very enthusiastic when General Wright delivered his response. He was greatly touched by the compliment paid him by the president's presence and with the demonstration in his honor. Gen. Wright did not go deeply into the situation in the Philippines in his remarks, but he emphasized the fact that the administration of the islands under both President McKinley and President Roosevelt had been of an absolutely nonpartisan character.

The reception tendered by the colored people was truly remarkable. General Wright earned their undying gratitude during the two yellow fever epidemics two years ago by remaining here when most of the whites had fled and seeing that the sick were cared for. The hall was packed, galleries and pit to the point of suffocation, and the whole spirit of the proceedings breathed love and admiration for their friend. General Wright in addressing the colored audience talked chiefly of their future, telling them of the difficult problems before them. He said that it would perhaps have been better for both races had the change from slavery to citizenship not come so suddenly.

The president's reception when he was introduced beggars description. The colored people became perfectly frantic, jumping up and down in their enthusiasm and yelling themselves hoarse. At the conclusion of the president's remarks the entire audience of over 3,000 united in singing "God Be With You Till We Meet Again."

AGREEABLE IMPRESSION

Germany's Emperor Pleased With His English Reception.

London, Nov. 20.—Both the German emperor and the King of Portugal spent yesterday afternoon shooting, the former with the Earl of Londsdale and the latter in company with King Edward in the royal preserves near Windsor. The emperor distinguished himself on the last day of his present visit to England by bringing down eighty-four rabbits in twenty minutes.

An authoritative statement was issued last evening saying the German emperor is highly gratified at the friendliness with which the English people have everywhere received him, and his majesty will leave the shores of England today with the most agreeable impressions.

French Coal Strike.

Paris, Nov. 20.—The anarchistic element among the striking coal miners is seeking to prolong the conflict, and at St. Etienne, where the negotiations for a settlement have reached an advanced stage, a band of anarchists broke up the meeting of the miners' federal committee, the members of which were obliged to take refuge in the town hall. The strike has come to an end at most of the other points.

Railroad President Resigns.

Philadelphia, Nov. 20.—President Alfred Walter of the Lehigh Valley railroad yesterday tendered his resignation to the board of directors at the regular monthly meeting of that body, to take effect Nov. 30. The resignation was accepted.

Streetscars Tied Up.

El Paso, Tex., Nov. 20.—Because the streetcar company discharged the secretary of their newly organized union, all the employees are out on strike and traffic is absolutely suspended in the city and on lines to suburban resorts.

## ONE VOTING MACHINE

Was Used In Indiana And With Good Results.

Indianapolis, Nov. 20.—Judge James E. Piety of Terre Haute, who is here this week, was re-elected this year by a close shave. His plurality was but 50, which is remarkable in view of the fact that Vigo county has several thousand voters. In one precinct a voting machine was used. Judge Piety says that it gave satisfaction and the result might have been known within fifteen minutes after the polls closed, but the members of the election board realized they had easy work and they took supper before they opened the machine. They were afraid of any other election board, although they took their own time. Judge Piety says machines would have been used in every precinct in the county but for the fact that the ticket was too large. This is one thing that is liable to delay the general introduction of voting machines, as the tickets in Indiana are so large that it is difficult to find a machine that will hold it. The one precinct in Vigo county is perhaps the only place in the state where machines were used last election.

Word comes from Wahash today that Warren G. Sayre has arranged to make a vigorous canvass for the speakership. He has not been able to take the field because court was in session, but court has now adjourned and he is going after the persimmon. It is also said that there is much indignation among the Republicans of Wahash county because James F. Stutesman of Peru has come out for Henry W. Marshall of Lafayette. Stutesman and Sayre live in the same district, and for that reason the latter's friends think Stutesman should stay with them. But in this connection it is recalled that when Major Steele was a candidate for the United States senate, although Steele is from his congressional district. This is generally known and it may lose Sayre the support of the two Grant county members. However, the race is young, and while there are four good men in it, there is a likelihood that there will be others.

L. Ert Slack of Franklin, who is prominently mentioned for the minority leadership of the house, says that he intends to reintroduce his bill to provide for the punishment of vote buyers. To quote him, this bill was introduced to death last session. But there is such a revolt against the wholesale purchase of votes this year that the chances are that the bill will be considered more favorably. Slack is also thinking of introducing a bill to provide that there shall be more time in which to consider matters of legislation, but he is not ready to disclose his plan. He is not going to make a fight for the minority leadership, but he has received many assurances of support, and it looks as if he has the inside track for the honor.

The recommendations of the state conference of charities have created general interest. Many reformers are of the opinion that the recommendation for a village for epileptics should be adopted, but it is almost certain now that Governor Durbin is not of that mind. The proposed colony for insane in connection with the insane asylums is a new project, but it has many followers already. The result of the conference makes it certain that an attempt will be made during the legislature to provide for a village for epileptics.

Glen Kimball of Marton, one of the newly elected representatives of Grant county, has been drawn here this week by one of the numerous meetings. He is a physician and is responsible for the statement that the physicians will not have any legislation introduced, as they are satisfied with the law they obtained last session. Two years ago the physicians had a hard fight to secure the passage of a bill that makes it impossible for quacks and fakes to practice.

Joe E. Bell, one of the leading politicians here, is a probable candidate for the Democratic nomination for mayor. He is also in that respect regarded as the heir of the Taggart organization, as the chances are that he will be backed by Taggart and his lieutenants. Bell was deputy city attorney under Taggart and he made an excellent record. His friends believe he will make a strong race. There will probably be several other candidates, however, when the time comes.

Hoosier Odd Fellows.

Indianapolis, Nov. 20.—The grand lodge of Odd Fellows of Indiana began its annual meeting here yesterday with an attendance of nearly 1,200. The report of the grand secretary showed that there are 681 effective subordinate lodges with a total membership on June 30, 1902, of 58,476. This was a net gain of 3,013 for the year. The total receipts were \$299,986.84; total expense, including relief and home tax, \$183,393.45. The total net resources of the lodges are \$2,576,785.56; total relief for year ending June 30, 1902, \$224,456.21; total paid in relief from 1837 to June 30, this year, \$4,278,228.89. The receipts of the grand lodge for the year were \$23,722.09; expenditures, \$19,677.02.

A Greenfield Suicide.

Greenfield, Ind., Nov. 20.—W. S. Record committed suicide by shooting himself in the head. He had been dependent for a few weeks.

Tree Fell On Him.

Versailles, Ind., Nov. 20.—Marion Rogers was killed by a tree falling on him.

## DIDN'T MAKE CASE

Shaffer's Charges Against Gompers of the Wet Fire-cracker Variety.

THING WAS A FIZZLE

President of the Amalgamated Did Not Formulate His Charges In Specific Shape.

Convention of Federation of Labor Now Wrestling With Antonomy Question.

New Orleans, Nov. 20.—The special committee appointed to consider the charges made by President Shaffer of the Amalgamated Association of Steel, Iron and Tin Workers against President Gompers of the American Federation of Labor, will report later this afternoon. As an investigation it will terminate in the exoneration of President Gompers, and as a sensation it will probably wind up in the wet fire-cracker class. Mr. Shaffer has not only failed to substantiate his charges, but a member of the committee is authority for the statement that he has never made any, to that body at least. He has appeared before the committee, and when he came away declared he had presented his charges. The committee says he did not formulate them. In the absence of direct accusations there can be but one end to the investigation.

The convention yesterday wrestled with the subject of the autonomy of trades councils and the matter was not exhausted when the adjournment was taken at 6 o'clock. Floods of oratory were poured out, but nothing was definitely settled. The chief fight of the day came in the old struggle between the United Brotherhood of Carpenters and Joiners and the Amalgamated Association of Carpenters. The former organization asked for the revocation of the charter of the latter because of alleged practices contrary to the interests of the trade union movement. Its avowed object being to force the other organization into its own ranks. After several hours of debate the matter was referred to a commission of eleven, five from each organization and an umpire, to be mutually selected. The commission is to meet on or before March 1, 1903, and endeavor to bring about an amalgamation of the two organizations. No promise was made, however, by either organization that the amalgamation would be made. All hostilities are to cease pending the meeting of the commission. The faction in the convention which is opposed to the re-election of President Gompers has as yet been unable to fix upon a rival candidate. Vice President James Duncan has refused to commit himself in either direction, and James Lynch of the typographical union is now spoken of as a candidate. No selection has been made as yet, however.

WILLING TO SURRENDER

Another Mainstay of Colombian Revolution Gives Up.

Colon, Colombia, Nov. 20.—General Robles, the revolutionary chief who recently surrendered in the department of Bolivar with 800 men and was said to have displayed a good spirit in favor of peace, has issued a circular in which he submits himself to the terms of the so-called treaty of Norlandia, which was the convention under which the revolutionary general Uribe Uribe surrendered to General Manjarres. Robles orders the forces under his command to deliver up their arms to the government commissioners and urges his subordinates to carry out the terms of the treaty with loyalty.

After Fair Trial.

Mexico City, Nov. 20.—On the spot where two years ago they murdered Robert Remmet, an Englishman, the manager of a mine, three Mexicans were yesterday shot to death and their accomplices, nine in number, sent to prison for long terms. The Mexican authorities have spent over a year in tracking the robbers, all of whom were captured. They were given a fair trial.

A Lone Bandit.

Minneapolis, Nov. 20.—A crowded gambling establishment at Columbia Heights, a suburb, was held up by a lone bandit last night, who shot one of the attendants twice and secured \$2,000 booty. The manager and a half dozen players were relieved of all the money they had, after which the robber withdrew and made good his escape.

Wound Resulted Fatally.

Trinidad, Col., Nov. 20.—The Colorado & Southern robber who was shot by Express Messenger Schiber during the attempt to rob his car Tuesday night, was found near the scene of the attempted hold-up yesterday with a bullet-hole through his stomach. He died a short time afterward. He was a coal miner.

Oberlin's New President.

Oberlin, O., Nov. 20.—At the annual meeting of the board of trustees of Oberlin college yesterday, Dr. Henry Churchill King was elected to the presidency of that institution to succeed Dr. John Henry Barrows, deceased.

## TRYING ORDEAL

President Mitchell Closes His Testimony Before Commission.

Syracuse, Pa., Nov. 20.—After being on the stand for five days President Mitchell of the miners' union completed his testimony yesterday before the anthracite strike commission. During his ordeal he was examined by his own attorney and those of the Erie company, the Delaware & Hudson, the Delaware, Lackawanna & Western, the Lehigh Valley and the Philadelphia & Reading Coal and Iron company, and also by the attorneys of the independent operators. He was followed on the witness stand by the Rev. Peter Roberts, Mahanoy City, a Congregational minister, who has studied the anthracite coal industry and has written a book on the subject. He is on the stand today.

One of the most important things brought out during the cross-examination of President Mitchell yesterday was his emphatic declaration that the miners were opposed to separating the bituminous miners from the anthracite workers, thus creating two organizations. He made this reply to former Congressman Wolverton, counsel for the Reading company, as to whether it would not be better to have separate organizations. Mr. Mitchell's answer was that "it would not be possible or desirable. The anthracite mine workers have had independent organizations in the past. They have had several. They have gone. They are not here now and the men do not want any more of their organizations to go the same way."

Another Denial.

Washington, Nov. 20.—The Chicago, Indianapolis & Louisville Railroad company has filed with the interstate commerce commission its answer to the complaint of the Kentucky state railroad commission regarding an alleged merger of interests among the railroads in the South. The answer denies that the road is a party to any of the combinations alleged or to any of the contracts, arrangements or agreements alleged in the complaint. The answer denies that either the Kentucky commission or the interstate commerce commission has jurisdiction in the case. It says the complaint fails to show that any of the defendants have violated or propose to violate the interstate commerce act or any act of congress or federal law, in the absence of which, the answer says, the complaint commission is entitled to no relief whatever.

Because He Lost His Money.

London, Nov. 20.—Henry H. Hepoel, a small jobber in the South African market, shot and killed himself yesterday in the lavatory of the Stock Exchange. He left a note saying: "I have been speculating madly. I am ruined." One of the shots passed through the lavatory door and slightly wounded another broker.

Blockade Forced.

Port of Spain, Trinidad, Nov. 20.—The British cruiser Phaeton, which left this port for Ciudad Bolivar, Venezuela, is reported to have forced the blockade and taken in the mail and provisions for the English colony, which was in a destitute condition.

**A Pound to a Grain,**  
Is what this grocer is telling an inquiring customer. "Yes, Madam, this is just one of the little details that have made Chase & Sanborn's Coffees famous everywhere. This can, as you see, is one of the pound cans that contain their Seal Brand Coffee. You will notice that the contents weigh exactly one pound to a grain. They have a machine that weighs this to the most minute accuracy."

### Chase & Sanborn's High Grade Coffees.

Every bean of Coffee sold by Chase & Sanborn comes from coffee plantations that are famous for the crop of berries that they raise—then too, every grain is selected by experts, roasted by experts, packed and handled by experts, so it reaches the consumer as near perfect as it is possible. Insist on your grocer giving you Chase & Sanborn's Coffees if you would have pure coffee; that is the best, no matter whether you buy their Seal Brand or any one of their high grade coffees which come in richly colored, parchment-lined, imported bags. The fact that Chase & Sanborn's Seal and name stands behind their coffees is a sufficient guarantee of superiority.

Can be had only at the Model Grocery.

THURSDAY NOVEMBER 24, 1902

COLUMBUS people are all wrought up because Rufus Cantrell, the grave robber, told Mayor Bookwalter, that the ghouls have been getting most of the bodies buried in Garland Brook cemetery at Columbus. They have started an investigation and will hereafter keep the graves of their cemetery locked.

THE recent meeting of the state board of charities at Indianapolis was characterized by an interest that shows that the importance of the charitable and benevolent work of the state is being better realized than ever before. More system and a closer organization of the work is what is specially needed, and these very things are being accomplished in a measure now in Indiana.

THOSE school superintendents who resolved that the taxpayers of the state should crack down about \$200,000 for another state normal school and then pay from \$50,000 to \$60,000 annually to run it, are being advised to stop and consider the needs and demands for another state normal. The taxpayers down this way are not making any such demands for they do not believe it is needed. The state normal at Terre Haute, one of the best in the country, and the private normal schools over the state, seem to be meeting the demands right well. We do not know of any teachers lacking training because there was no place to go to get it.

### Liliputian Carnival for Thanksgiving.

The juvenile production entitled, "Mystic Midgets," for which the public schools have been planning for some time, will be presented Thursday and Saturday nights of next week, Nov. 27 and 29th.

There will be representatives from many nations and from Fairy Land in speaking and singing parts with a chorus of 100 voices. There will be beautiful costumes and complete sets of special scenery, the first scene being a fantastic fairy-garden, the second a coral cave. Admission 25c, and seats reserved without extra charge.

### A Closer Guess

We hear of one guess on the Ohio vote by Freetown parties that comes within five of the correct number. It is one of the guesses of Charles Tinch and Geo. Bebout and is 811,402. This is just five below the correct number. This guess will evidently bring them something.

### Another Fake Scheme.

Some of our exchanges in neighboring towns say that the festive wire fence swindler is abroad in the land and our former friends had better look out. His game is to sell a bill of fence at a ridiculously low price, and offers to throw in a fancy gate if the victim puts up \$10 or \$20 cash, and that is the last seen of him. They say the game usually works. When dealing with strangers you had better be careful. It is always the best policy to buy of your old established firms. It pays in the long run.

### MARRIAGE LICENSE.

Eddie E. England and Viola E. Hall, William E. Hancock and Florence Liebrand, H. Wilhelm Rosemeyer and Flora Keiper, Chas. E. Denny and Lillie M. Braden, Wm. E. Horn and Emma Briner, John Albert Nelson and Ethel Lenore Keach, William Tuell and Amy Heller.

## Found Dead in Bed.

Mrs. Jane Ellington was found dead in bed at the home of her daughter, Mrs. Pleasant Holman, about 5 o'clock this morning. The cause of her death was heart and stomach trouble. She was taken sick last Thursday but seemed to have recovered her usual health and was up and about. She chatted pleasantly with friends just prior to going to bed and seemed to be in unusually good spirits. She would have been 82 years of age in January. Deceased came here last August from Illinois, and has since been visiting her daughter, Mrs. Holman.—Brownstown Banner.

## Fireman Mysteriously Missing.

WASHINGTON, IND., November 19.—Fireman Ephraim Fish was lost from the locomotive of a fast freight on the B. & O. S. W. railway early Wednesday morning while the train was enroute from Breeze to Carlisle. Engineer Edward List did not see the fireman leave the engine, and in fact did not know that he was gone until the train pulled into Carlisle. Searching parties hunted for Fish all day but no trace of him could be found. There is one bridge between the two stations, a structure fifty feet long over Shoal creek. The creek was dragged but Fish's body was not found. Railway men think that a fall from the engine derailed Fish's mind and that while in this condition he wandered away from the track. Fish and his family, a wife and five children recently moved to Washington from Somerset, Ky.

## RAILROAD RUMBLINGS.

It is reported that the new time table that takes effect next Sunday will shorten the time of the trains between Cincinnati and St. Louis.

Supt. J. W. Thompson, of the Southern Indiana, and a party of friends from Terre Haute went through town yesterday afternoon in a special car attached to No. 3, on a hunting trip in Jackson county. ## WANTS A LOCATION.

### Possibility of Locating a Straw Board Plant Here.

A representative of a straw board plant now operated in the gas belt, spent today in Seymour. Since the natural gas is getting scarcer and scarcer all the time and the long distance of the plant as at present located from the coal fields he sees the necessity of seeking a new location. He is finding it very difficult to get coal at all and the freight is so high on what he does get that its use is almost prohibitory. Therefore he wants to relocate and get near the Indiana coal fields.

He is attracted to Seymour, recognizing our superior railroad facilities and our nearness to the coal fields over two railroads. During his stay here to day he has talked to several of our citizens and from them he is encouraged to give Seymour sincere consideration.

His plant has an established trade, having been in successful operation for several years. (The mill has a capacity of 20,000 pounds of paper a day and employs regularly forty people. Such an institution would be a big addition to Seymour's industries and we believe it is worth while to look after it. Seymour is an ideal place for a straw board plant.

### Jumped on a Ten Penny Nail.

The little daughter of Mr. J. N. Powell jumped on an inverted rake made of ten penny nails, and thrust one nail entirely through her foot and a second half way through. Chamberlain's Pain Balm was promptly applied and five minutes later the pain had disappeared and no more suffering was experienced. In three days the child was wearing her shoe as usual and with absolutely no discomfort. Mr. Powell is a well known merchant of Forkland Va. Pain Balm is an antiseptic and heals such injuries without maturation and in one-third the time required by the usual treatment.—For sale by C. W. Milhous.

## Court Adjourns.

Judge Baskirk held court awhile this morning but adjourned in time to take No. 7 west. He will remain at his home at Paoli over Sunday. There will be no more court until next Monday.

Charles Tinch was over from Freetown this afternoon.

Go see the great railroad scene tomorrow night. Two express trains going at a rate of speed of 50 miles an hour. Silly "D n" comes on in time to avert a disastrous collision by throwing switch just as the two trains are about to collide. Dan saves all. Do not fail to see this great play, "Her Marriage Vow."

Last winter an infant child of mine had croup in a violent form," says Elder John W. Rogers, a Christian Evangelist, of Filey, Mo. "I gave her a few doses of Chamberlain's Cough Remedy and in a short time all danger was past and the child recovered." This remedy not only cures croup, but when given as soon as the first symptoms appear, will prevent the attack. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. For sale by C. W. Milhous.

## RAILROAD MEETING.

### Electric Line Promoters Making Progress.

Quite a number of those who are interesting themselves in the promotion of an electric railway from Columbus to French Lick held a meeting today in the office of G. A. Robertson & Co. The purpose of the meeting was to hear the report of committees and take what further action was necessary to keep the preliminary work moving. Very satisfactory progress has been made and the outlook for the future is good.

#### COMMITTED SUICIDE.

### George L. Everback Takes His Own Life in California.

The following special appeared in the Louisville Courier-Journal Wednesday:

SAN BERNARDINO, CAL., Nov. 18.—[Special.] George L. Everback, superintendent of the Harvey Eating House at Bagdad, a desert town sixty miles north of here, ate a pie last night, and, returning to his office at 7:30 o'clock, sent two bullets through his heart, dying instantly. Everback had invested money in a mining scheme which failed to succeed as he hoped, and on learning he had been swindled, he became despondent.

As he was eating the pie he remarked to one of the waiters: "I'll eat this and then take a leap into the dark." Nothing was thought of the remark. A note found near him directed that his body be shipped to George L. Everback, Broadway and Beargrass creek, Louisville.

When the friends of George Everback read the above they could scarcely believe it. Few here knew that he was in the west. Fred, his brother, says he knew he was in California for he had a letter recently from his sister in Los Angeles stating that George had been visiting her. A message to Fred today from his father at Evansville removes all doubt about the suicide being George Everback so well known in Seymour. Arrangements for the burial of the body are being made from Evansville, but it is probable that the burial will take place in California.

George Everback was twenty-seven years of age and spent his boyhood days in Seymour. He turned his attention to the hotel business and held good positions as hotel clerk at New Albany, Vincennes, Anderson and other Indiana cities. He was afflicted with stomach trouble and six or eight weeks ago went to California, hoping that the change would bring relief. But it is believed by those here who knew him best that he became worse and concluded that he could never get well. Despondency followed and this led him to commit suicide. It is not believed that had investments in mining stock had anything to do with it.

George was married about a year ago and his wife is in Chicago. She was expecting to go to him if he found the climate agreeable to his health.

# Kodol Dyspepsia Cure

**Digests what you Eat**

The medical profession is one of the most conservative in the world. It is well that it should be so. We want no experimenting with our lives or health. The physician is naturally and justifiably careful to prescribe no remedy until well satisfied of its merits. So it is no small testimonial to the worth of Kodol Dyspepsia Cure that it is coming into general use among physicians of all classes. They appreciate even more readily than the layman that it gives weak stomachs just the rest they need and are prescribing it freely with wonderfully successful results. No dieting is necessary. Eat all you want. While you are strengthening the body with wholesome food Kodol Dyspepsia Cure is restoring the stomach to perfect health by relieving it of its work. Don't be satisfied with merely temporary relief when this remedy offers a complete cure. "I have used in my practice quite a lot of Kodol Dyspepsia Cure with no failures but relief in almost all cases," writes Dr. W. L. Wallace of Kingston, S. C. "After an active practice of forty-five years this is the first time I have ever had occasion to publicly advise all dyspeptics that they have a certain remedy in Kodol Dyspepsia Cure."

## Cures All Stomach Troubles.

When you suffer from biliousness or constipation, use the famous little liver pills known as **DeWitt's Little EARLY RISERS**. They never gripe.
